Clerk

COST SHARING POLICY **FOR LOCAL ROAD & BRIDGE PROJECTS** **Revised: November 6, 2008**

1. Asphalt paving, microsurfacing and sealcoats on local blacktop roads: township pays for all contractor work and materials. HCRC furnishes our labor and equipment.
2. Paver patching of existing local blacktop roads: township pays for hot mix asphalt material cost. HCRC furnishes our labor and equipment.
3. Reconstruction of local blacktop roads for repaving: (pulverizing, gravel, ditching and culverts, etc.): 50% township/50% road commission.
4. Gravel patching on gravel roads (limited to 1,000 cyd per township): 50% township/50% road commission. Higher quantities will be at 100% township cost.
5. All other projects on gravel roads (such as new paving, grading & gravel for new pavement, berm & ditch jobs, etc.): 75% township, 25% road commission.
6. Gravel road stabilization with brine: Road Commission will take bids for townships to hire and pay contractors directly. Road commission will reimburse townships at the rate of \$100 per mile of gravel road for the first solid application of brine.
7. Cross-culvert replacements: sizes from 12" thru 48" diameter will be 100% road commission cost. Sizes greater than 48" will be cost shared 50% township, 50% road commission.
8. Critical bridge projects approved by Michigan Department of Transportation: bridge construction and approach construction: 95% federal and state funding, 2.5% township, and 2.5% road commission. Design, construction engineering, and any approach work not federally funded: 50% township, 50% road commission. Bridge replacements not eligible for critical bridge funds: 50% township, 50% road commission.
9. Original installation of signs: 100% township cost. Maintenance of signs is 100% road commission cost. Exception: Township zoning signs are 100% township cost for both installation and maintenance.
10. Special assessment projects: 100% of the construction cost shall be borne by the abutting property owners in the special assessment district to be established and administered by the township. The road commission will furnish all design and construction engineering at no charge.
11. NEW - Sealcoat on primary blacktop roads: township pays for asphalt emulsion material cost. HCRC will furnish stone, labor and equipment.

NOTE: The above cost sharing policy is limited by the amount of funds that the road commission has available for matching each year.
