

Approved Minutes – Reading Township Board & Reading City Council  
March 27, 2007, Special Workshop

This special workshop called for the purpose of discussing and exchanging ideas on how the Fire Department should be set up. James Galloway called this workshop to order at 6:37 PM. Present were Reading Township Board members James Galloway, Roger Wheeler, Ron Parker, Randy Wigent and Judy Wheeler. City Council members present were Dale Cook, Jerry Lange, Tracy Donahue, Tom Everett and Nancy Briggs along with City Manager Kim Blythe.

Following a discussion of how the department might be set up, it was the consensus to have Attorney Kevin Shirk draw up a proposed agreement, which would be between the City and the Township. Following this both the City and the Township could then each suggest desired changes and then pass these along to the other for comments. A joint meeting of the City and the Township then may want to be set up to make adjustments to try to satisfy all involved.

This special joint workshop was adjourned at 7:26 PM.

Roger Wheeler,  
Reading Township Clerk

Kimberly Blythe  
Reading City Manager
