RE: Lime Lake/Prattville Sanitary Sewer System

Thank you to all who have connected to the sewer system. Your patience during this process is greatly appreciated.

For those who have not connected their grinder pump to the sewer system at this time - **THE DEADLINE TO BE CONNECTED TO THE SEWER SYSTEM IS DECEMBER 1, 2007.**

Also, as of December 1, 2007 everyone on the sewer system (connected or not) will be charged the monthly fee of \$22.00, which is billed quarterly.

**FAILURE TO CONNECT TO THE SEWER SYSTEM BY DECEMBER 1, 2007 WILL RESULT IN CONDEMNATION OF THE PROPERTY FOR HUMAN HABITATION.**

For those not yet connected to the system instructions are enclosed. Please follow the necessary steps from the enclosure "Connecting to the Wright Township - Lime Lake/Prattville Sewer System."

**Reminder: Absolutely no sump pumps allowed on system.**

Enclosed are instructions listing the steps to winterize any grinder pump stations, which are not going to be used during the winter months. Please read and follow these steps to avoid any costly repairs.

If you need help paying for the connection please call Christie Cook at 1-800-750-9300 and complete a brief survey to help determine eligibility for assistance programs.

Any questions or operational problems please call Jeff at **517-610-4569.**

Sincerely,

Wright Township Board
